About Honouring our Children Day, #HOCDay, and this toolkit

Honouring Our Children Day is a time to celebrate our children, and remind them that they are special, as well as supported and cared for by their community. First celebrated in 2009, the intention of this day is to celebrate our children and acknowledge their strength, bravery, and resilience. Honouring Our Children Day is an opportunity for your community to come together to show our children that they are part of their circle of care.

This year, we are also taking this opportunity to promote our #YouthKnow Team, Tikinagan's youth advisory team. This team is formed with youth from our 30 First Nations and support Tikinagan by providing input about youth culture, social media, and living in their communities. We want to engage, empower, and equip our First Nation youth by hearing their ideas, utilizing their skills, and challenging them as leaders.

This toolkit is intended to support the participation of various stakeholders, including Tikinagan, our communities, our families, our Foster Parents, and our youth. Join us on June 24th or whenever is suitable for your community. This toolkit includes:

- Key Messaging
- How to Participate
- How to Plan an Event
- Social Media Messaging
- Contest Information
- A Radio Script
- Event Poster
