# GENERATIONS LOST EXHIBIT

This exhibition is the condensed version of the 100 Years of Loss exhibit and is designed to be light weight and easy to assemble making it a great exhibit for educators, communities, and organizations. The unique features, such as the timeline on wavy wall and the themed unique pillars, make this exhibit popular.

We hope you take this time to reflect on the impact Residential “schools” has had on the people we serve. We would also like to acknowledge that many of our coworkers, friends, and family have been directly impacted. This material can be very triggering, please reach out to someone you trust, and know you are not alone.
